

OCT 21 1971

Baltimore City Health Department
WEEKLY LETTER TO THE MAYOR

Wk. 41

In his WEEKLY LETTER TO THE MAYOR dated October 15, 1971, the Commissioner of Health wrote:

Dear Mayor:

It is with regret that I report to you the retirement on October 16 of Mrs. Anita K. Henson, Supervisor of Public Health Nursing in the Druid Health District. Mrs. Henson, a native Baltimorean, has been a staff member of the City Health Department since July 20, 1940 and a Supervisor of Public Health Nursing since May 3, 1949.

Highly dedicated to her profession and to community service, Mrs. Henson's first assignment was in the Eastern Health District where she worked in Health Department clinics, served as a school nurse and made home visits for a variety of health services.

In 1942 after a year's leave of absence to attend New York University for courses in nursing education, she was assigned to the Druid Health District and for almost 30 years devoted herself to health services in that district. Among her many accomplishments Mrs. Henson helped organize needed child health clinics deciding on their locations and selecting and supervising their staffs. She has played an active part in the District's elementary school health program, the polio, measles, and German measles vaccination drives, the tuberculosis and VD control work and neighborhood health fairs. Always responsive to the needs of the Department and the community she has served on departmental nursing manual committees, organized and participated in in-service education of new staff and in the teaching of student nurses in programs affiliated with Provident Hospital and the University of Maryland and Union Memorial hospitals.

A graduate of Frederick Douglass High School and the Provident Hospital School of Nursing, Mrs. Henson worked as a staff member in the Department of Hospitals in New York City, a post she held for nine years before returning to Baltimore. In pursuing her educational goals Mrs. Henson attended Morgan State College, the University of Maryland, Rutgers University, Columbia University and the Catholic University of America where she was awarded her B.S. in Nursing Education.

Mrs. Henson is an active member of many local and national health and social service groups including the American Nurses' Association, the Supervisory Chapter of the Maryland Nurses Association, the Board of Directors of the Instructive Visiting Nurse Association, the Board of Directors of the Community Chest, the NAACP, the Congress of Racial Equality, the Baltimore Urban League, and is a Chapter Member of Chi Eta Phi, a nurses sorority. Her husband Roland Henson, an employee of the C & P Telephone Company is one of the founders of Bridge House, a facility for recovering alcoholics at 1516 Madison Avenue, a board member of the Baltimore Area Council on Alcoholism and has worked closely with the City Health Department's alcoholism program.

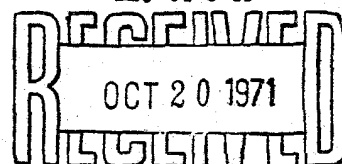

A testimonial banquet honoring Mrs. Henson's many years of service to the Baltimore community will be held November 21 at Martin's West.

Very truly yours,

(Signed) Robert E. Farber, M.D.

Commissioner of Health
