Dear Mr [REDACTED],

Let me extend my thanks for sharing your Memorandum to the Swedish Presidency of the European Union with us. We will examine this input carefully ahead of the remaining European Green Deal initiatives which we will be negotiating under the Swedish Presidency.

The geopolitical turmoil we are going through has reinforced the importance of achieving the twin transition. The European Green Deal is our roadmap towards this goal which we are pursuing while also accounting for some of the more short-term actions that must be taken. We count on the Swedish Presidency and the European Parliament's support to reach ambitious agreements.

The European Environmental Bureau and its 180 member organisations are a key civil society counterpart for my services, and I look forward to your continued participation in the public debate that will shape our green policies.

Yours sincerely,

[REDACTED]
Head of Unit
