Dear Bob:

Responding only to that part of the postscript to your June 4th letter referring to the Moeschlin paper, herewith is the translation manuscript, which please return before too long.

Hervey Elkins, when he was here yesterday, said that he understood that McCord wants to publish it. That would not be my choice of a medium. I showed Elkins what you had said on the subject and he indicated no thought that you should not feel free to copy it. Brugsch works for Elkins, so I would go ahead and have it copied if you want to.

I look forward to whatever comments you may vouchsafe, and I shall of course be interested to know to what extent you support mine of May 2nd to Harriet Hardy, of which a copy went to you with my letter of May 15th.

Sincerely,

MB: GP
