Dave A,

I took your notes on the questions raised from today's meeting with DepSec Bernhardt and drafted them into a document, the answers for which Dave Houseknecht worked on diligently while in Texas. I've also added a few tidbits but hopefully this addresses the main elements sought by the DepSec in his meeting today. Please let us know if we've missed anything or if any additional info is required. Thanks...

Walter

Walter/Dave,

Thank you for turning my scrawl into silk. Will read over and let you know if I have questions.

Much obliged, Dave
