Dr. Arthur J. Vorwald,
Director,
Saranac Laboratory,
Saranac Lake, N.Y.

Dear Dr. Vorwald:

Mr. Ernest Muehleck, President
of Kearsby & Mattison Company, Ambler,
Penn., in acknowledging receipt of copy of
your report on "Asbestos Pneumoconiosis"
requests that "unless the report is to
be published in its entirety by the Saranac
Laboratory at an early date, I ask that you
arrange for me to receive an additional
copy".

As I imagine the report will
not be published for a month or two at
the earliest, we would appreciate your
sending Mr. Muehleck a copy direct —
since we have distributed all that you
sent us with the exception of mine and
Mr. Woodard's copies.

Sincerely,

cc: J.P. Woodard Vandiver Brown,
Secretary.
