July 14, 1980

TO: N. Estrin - CTFA
C. Haynes - "
G. Sandland - Bristol Myers

SUBJECT: Talc - U.S.P. Monograph

You will undoubtedly be pleased to know that the 20th
version of the United States Pharmacopeia's Talc Monograph
has dropped the statement, "DO NOT APPLY TO OPEN WOUNDS.
DO NOT INHALE".

These controversial statements were found only in the 19th
version U.S.P. Don't ask who objected.
