

The European Chemical Regions Network (ECRN), in collaboration with [ChemSkills](#) project, cordially invites you to the online event on "PFAS Revision: Challenges and Opportunities" on **12 June 2024 from 10:00 to 12:30 CET**.

This event aims to address the pressing issue of PFAS and present the current legislative solutions and their impact. The discussions will focus on finding the right balance between risks and benefits, exploring sustainable alternatives, assessing the product safety and environmental impact of production processes, and addressing any eventual points that may arise.

Please find the **agenda** of the event:

- 10:00 - 10:05 Introductory remarks by Folco Ciulli, ECRN Executive Director
- 10:05 - 10:30 Presentation by Martijn Beekman, DG GROW
- 10:30 - 10:50 PFAS situation globally by Manuel Gill, Ecorys
- 10:50 - 10:55 Presentation by Jacqueline Spuijbroek, Province of South Holland
- 10:55 - 11:10 Presentation of the study about the PFAS impact on the industry by Dario Dainelli, Federation of the European Cookware, Cutlery & Houseware Industries (FEC)
- 11:10 - 11:25 Presentation by Jaime Sales, Chemservice
- 11:25 - 12:25 Roundtable discussion with regional stakeholders
- 12:25 - 12:30 Conclusions

This online event is an excellent opportunity to gain insights into the PFAS revision process and contribute to the discussion on this critical issue.
