

Line 13 - Disposal Code - Enter the code that best describes the manner in which the waste on Line 12 was disposed. Select from the following:

<u>CODE</u>	<u>DEFINITION</u>
D80	Disposal, landfill
D81	Disposal, land treatment or application
D83	Disposal, surface impoundment

Line 14 - On Hand, On-site on December 31, 1985 - Enter the amount of self-generated waste, regardless of when generated, that was on your property on December 31, 1985. (Waste placed in a disposal unit is considered disposed, not stored, and should not be shown on Line 14.)

Line 15 - Storage Code - Enter the code that best describes the manner in which the waste on Line 14 was stored. Select from the following:

<u>CODE</u>	<u>DEFINITION</u>
S01	Storage, container
S02	Storage, tank
S03	Storage, waste pile
S04	Storage, surface impoundment

Line 16 - Other - If none of the previously described situations best describes the manner in which you handled the waste you generated, enter the amount here.

Line 17 - Explanation of Line 16 - Explain what was done with the Line 16 entry. Attach a separate sheet of explanation if more space is needed.

Line 18 - Total Amount of Disposition - Enter the sum of lines 6, 7, 8, 9, 10, 12, 14 and 16.

If the form was completed correctly, Line 5 and Line 18 should be equal. Please add the columns across. Once again, Line 5 and Line 18 should be equal. (Please refer to the attached example.) If you have more information than will fit on one form, please make additional copies of the form as necessary. (NOTE: Do not carry figures over from one sheet to the next. Make each sheet balance.)
