Subject: RE: Hello!

THANKS! We need to catch up on a couple of items too! Won't wear you out on a Friday afternoon, but okay to call on Monday? I imagine you are designated critical for the shutdown.....

Mike,

We will find someone appropriate for the panel.

It has been awhile – sorry for the lag. Happy New Year!!

Hey, do you have an idea for a EPA person to some speak at a fly in for the American Composite Manufacturers Association (client) on Feb 7th (Wed)? Jeff More will be leading a panel with ASCE, a Congressional Staffer and maybe another trade or business type. The composites folks are focused on innovative materials and water infrastructure spending generally. Anyone that is thoughtful about the direction of water infrastructure and WIFIA would be a good addition.

What do you think? Not looking for you, but hoping you might have a good person downstream.
