FROM / AT: R. W. Grigg

SUBJECT: RAW MATERIAL-ASBESTOS-Request to Sell

During recent conversations with you and T. V. Smith, it is my belief we may be in a position to sell part of our asbestos inventory and all of the asbestos used in K. Spray due to the restrictions placed on asbestos usage within the product. The usage of other than K. Spray asbestos is also being curtailed.

I feel the opportune time to sell asbestos, at inventory cost, would be the present time, as the supplying mines in Canada have a labor strike.

Request permission to dispose of various types of asbestos per attached schedule.
