the Places of Sale.

UNCLE SAM ABOUT TO TACKLE THEM

"Whisper! Speak easy! The police are
watching!"

No man knows who invented the term
"speak easy," now famous as the generic
name of such places as circulate the flowing
bowl among presumably trustworthy per-
sons, untroubled by any consideration save
a fear that the "line" of the law may be
lingering somewhere in the vicinity and be
attracted by indiscreetly indiscreet courtes-
anisms to the fact that something "other" is
in progress.

What is a "speak easy?"

SPEAKER | Chairman Neil Chatterjee

Chairman, Federal Energy Regulatory Commission

Chairman Neil Chatterjee was nominated to the Federal Energy Regulatory Commission in May 2017 and confirmed by the U.S. Senate in August 2017. He served as Chairman from August 2017 to December 2017, and was again named Chairman on October 24, 2018. Prior to joining the Commission, he was energy policy advisor to U.S. Senate Majority Leader Mitch McConnell (R-KY).

Membership Luncheon and Chief Roughneck Award

Presentation of Industry Chief Roughneck Award

Help us recognize the 2019 Chief Roughneck Inductee who will be revealed at this year's Membership Luncheon hosted by U.S. Steel. It's anybody's guess who the deserving winner is!

Presented every year at IPAA's Annual Meeting since 1955, the Chief Roughneck award is a lifetime achievement recognition – an honor one received from industry peers. Industry leaders nominate individuals based on lifetime contributions to the oil and gas industry, leadership, integrity, individual character, and perseverance.

Joe Roughneck's Juice Joint Reception and Dinner

[Special password required to enter] Shhhhhh!

You are invited to a secret event with other omnibulvous and teatotaler guests from the oil and gas industry who will gather to **celebrate 90 years of independents** and the events that led to the creation of IPAA. A roaring good time is guaranteed to be had by all with the help of custom made concoctions like Basintub Gin and Hydraulic Hootch. There has been a lot of speculation that John D. Rockefeller bankrolled prohibition because Henry Ford was motivated to create an automobile that ran on ethanol. These theories have since been debunked, but prohibition's direct cause to the rise of the Speakeasy in the 1920s stands true.
