Re: Hair Dryers and Asbestos

Dear Mr. Stevenson:

I have numbered 81 items on the Index of Documents in the CPSC docket on Hair Dryers and Asbestos covering the years 1974-1992, and hereby request copies of all of these documents pursuant to the Freedom of Information Act (FOIA). I understand that "restricted" documents are not available under FOIA and may want to know more about these at a later time. However, my request at this time is intended to be for copies of all documents in the docket that are available to the public under the FOIA. I agree to pay the charges for processing the request.

Please let me know if there will be any problem providing the documents as requested. If some are easier to assemble than others and there will be some delay in locating some documents, I would be happy to receive the documents in two or more batches; if so, please just use the numbering to indicate what is sent on each occasion.

Thanks very much for promptly providing the Index list, I look forward to receiving the documents.

Sincerely,
