6 This is a summary of the meeting held on May
7 14th, 1968, at the New York Academy of Sciences. The
8 meeting was chaired by Dr. Irving J. Selikoff.

9 These notes will be integrated into a report
10 made up by the OCF members attending.

11 It has a list of the people attending. John
12 Vyverberg, Ed Edwards, and Jon Konzen.

13 The next paragraph.

14 Dr. Selikoff opened the meeting by
15 suggesting that the group composed of members of
16 industry, labor and government agencies should
17 cooperate for the betterment of the insulation workers
18 in environmental conditions.

19 He noted no more blame could be placed on
20 any group since the pathological conditions which were
21 discovered only after a long latent period.
