Dear Page,

to G. K. Foster.

I have just read your memo of April 16th, addressed

The entire proceedings provided me with glowing
attention to this before the day.

The policy to which you refer in paragraph five
of your memo was, I believe, one by Wm. Fernald of the Metropolitan Life
Insurance Co. His latest test counts are of two years ago. Mr. Fernald
of the Province of Quebec Health Department is the provincial engineer who
also takes such dual accounts, but who usually is much inclined to respect
the authority of Mr. Fernald in the matter.

Best regards.

Yours very truly,

Ivan Roberts, E.S.
