[redacted]

Mr. Scalley then called on Jim Aiken to make the Executive Committee report. Mr. Aiken made a very complete report and updated the Board on various subjects such as the outstanding supply level of our Manufacturers. He discussed the need to look into changing the various brake suppliers product lines to NAPA Brake Parts and that NAPA Headquarters will be working with United, Rayloc and Genaut to pursue this possibility.

[redacted]

Respectfully submitted,

Robert E. McKenna
Vice President & General Manager
NAPA
