**Subject:** RVO

Hey Ray,

I'm with the Administrator (only for about 10 more minutes). He's hoping to do a quick call with the Secretary to address what we have heard is the one remaining issue from yesterday's discussion pertaining to small refineries. He has come up with a path forward that he'd like to discuss. Ideally that would happen with me still with him, but as soon as we can have the conversation the better. Our goal (and associated pressure) is to wrap the RVOs up so we can get the proposed rule out in time to meet the November deadline.

Ex. 6 is my cell.  
Best,  
Mandy
