B. Off-the-Job Safety Performance

	<u>Cases</u>	<u>Frequency</u>
September	9	4.79
YTD	42	2.31

II. ACTION ITEMS

A. Off the Job Safety

Our record needs to be publicized better to all plant personnel due to the pain suffered by those involved and the significant expense to the company. An article will be put in the Plant News.

B. Lost Workday Injury Record

If the plant continues on its present path a new lost workday record of over 8.715 million safe work hours will be set by mid-November. SHAC will work on determining an appropriate gift for all plant personnel.

C. Annual Safety & Housekeeping Inspection

The inspection went very well with the overall plant being in outstanding condition. We also received some very favorable feedback from the media personnel and city officials who participated in this inspection.

D. Third Quarter Inspection Awards

These awards will be presented during the week of October 28.
