Dear Mr. Lyden:

On behalf of the CMA Vinyl Chloride Panel Transportation Committee, I want to thank you for your invitation to the CHLOREP Seminar and congratulate you on its success. Kristin VandeVort also deserves praise for her outstanding efforts.

The Committee members would like me to express their willingness to present again at a future CHLOREP Seminar. CHLOREP is an ideal forum for the Committee to share new concepts in vinyl chloride incident management and to learn more about chlorine emergency response. It was clear from the Committee's interactions with other Seminar participants that there is much to be gained by our communication and cooperation.

I look forward to talking to you soon.

Sincerely,

Robert A. Venezia, Dr.P.H.
