QUOTATION CONT'D

PAGE 2 OF 2DATE February 6, 1970
PROJECT Work on Zinc Furnace
and Turbine GeneratorLOCATION El Paso, Texas

<u>EQUIPMENT</u>	<u>HOURLY RATES</u>
Boom Truck	\$11.00
Fork Lift (22,000 lb. capacity)	13.00
2 ton Truck with power tailgate	8.50
Tractor and Trailer Equipment:	
25 ton capacity	12.50
50 ton capacity	22.50
Pickup without Driver	1.50
Torch including Oxygen and Acetylene	1.50
Welding Machine including Maintenance	2.50
and Rod	
Compressor, 125 CFM including Maintenance	3.00

We will allow a 5% discount if the piece of equipment is used for one week and a 10% discount if it is used for a month.

All quoted rates are for straight time hours. Overtime rates will be charged as negotiated by the various crafts. Our charge to you for overtime will be only our cost of premium pay over the quoted straight time hourly rates.

In the case of the Boilermakers, there is a travel cost from the local in Amarillo, which is not covered in the hourly rate since it occurs only at the beginning and end of a job.

Workmen's Compensation rates vary from 2% to 18% of wages paid. Our quoted hourly rates above assume a normal workmen's compensation rate for each craft. These rates could vary slightly because of the work classification.

4½ per cent Texas Sales Tax is applicable to equipment rental charges.

Respectfully submitted,

G. R. Hatch
