

Robert F Pinchot 04/24/2000 09:31 PM

---

To: Gary W Kennedy/AE/DuPont@DuPont, Susan S Milet/DuPont@DuPont, Michael E McCord/AE/DuPont@DuPont, Robert C Buck/DuPont@DuPont, Diane R Shomper/AE/DuPont@DuPont, Hugh J Campbell\_Jr/AE/DuPont@DuPont, Bernard J Reilly/AE/DuPont@DuPont, Andrew S Hartten/AE/DuPont@DuPont, Isidoros J Zanikos/AE/DuPont@DuPont  
cc: Maurice Astorga/AE/DuPont@DuPont  
Subject: Notes from our meeting last week

Attached are the notes from our meeting last week. I'll be getting in touch with every body when I get back from vacation on 5/2/00.

Rob

Response to EPA.do

EID156184

Response to EPA's Letter on PFOS, PFOA, and other Sulfonated and  
Carboxylated Fluorochemicals  
Meeting Notes 4/20/00

In attendance

Rob Pinchot  
Mike McCord  
Diane Shomper  
Andrew Hartten  
Izzy Zankos  
Bob Buck  
Sue Milet  
Gerry Kennedy  
Hugh Campbell  
Bernie Reilly

Overall Strategy for Dealing with this Request

We will attempt to keep the communications with EPA informal. Verbal conversations and presentations will be followed by documentation when necessary.

We will work to understand what the EPA really wants and needs prior to providing data.

We will have external communications ready in case EPA goes public with whatever they are planning.

We will start doing scenario planning for our businesses.

We will communicate that there are three issues to deal with here:  
PFOS  
PFOA  
Other carboxylated and sulfonated fluorochemicals.

Action Items

GLK will provide the following data to EPA as soon as possible  
We don't manufacture PFOA  
We do not manufacture or use PFOS  
A summary of our uses of PFOA  
Toxicology overview on PFOA

Diane Shomper and Leslie Cormier will update the internal and external communication packages on PFOA and telomer based fluorochemicals.

RFP and RB will recommend to management that we start scenario planning on various possible EPA actions.

GLK will call Charlie Auer with the following data and strategy

We have very limited information on PFOS

We will be gathering information on PFOA requested. This is an enormous task and will take some time.

We have compounds that are "highly fluorinated" that we want to talk to you about. They act differently than Perfluorinated compounds

GLK will attempt to get a face to face meeting among GLK, Steve Korzeinowski and Charlie Auer.

Sue Mileti will contact DDE and get a decision on how they wish to handle this request for DDE

Submit data with DuPont

Communicate to EPA that DDE is a separate company and will we will not provide data on DDE operations..
