Production

This has reference to your March 12 letter. As the result of a discussion with W. F. Anderson and J. W. Brown my March 11 letter has been mailed to Dr. Spolyar.

I very much appreciate your thinking in this matter and I want to reassure you that the Indiana State Division of Industrial Hygiene uses no information to the detriment of any manufacturer. I purposely kept my reply on an objective basis because Mr. Willis felt this would be to our greatest advantage.

R. C. M. Pollard
