

Enid, Oklahoma, March 7, 1938

Sankey Fuel & Transfer Co.
Watertown, South Dakota

Attention: Mr. J. F. Sankey, Mgr.

Gentlemen:

Your letter of March 3 with reference to your physical condition which you believe has been brought about by spilling our Presto "Q" Gasoline on your body last September, received.

We are forwarding a copy of your letter to the Ethyl Gasoline Corporation, New York with the request that they make an investigation and advise you directly. We are taking this action due to the fact that they have a very efficient medical staff and beyond a question of a doubt will be directly interested in your case.

In conclusion I will state that in all of the years we have handled leaded gasoline, we have never had any of our employees suffer in any manner from blending or handling the leaded product.

Yours very truly

CHAMPLIN REFINING COMPANY

(S) L. A. SNYDER
