Matthew -- I am so sorry but it looks like we need to cancel our 11AM. Our team had to fill in at his testimony this morning and we are unsure when we will be back.

Great. Thanks. Most of the time I work in a SCIF so I don't even know if this is normal but government privacy/sensitivities probably makes sense.

Matthew -- surprisingly, we actually do not not have access to wifi in the building. I am so sorry but there is a cafe in the bottom of our building that

has wifi and of course the Reagan building has it as well.

We would be happy to guide you to the cafe.

M: Do you think it would be possible to jump on a call at noon tomorrow from a corner of your office? Preferably with WIFI so I can use my computer to follow a presentation. If not I assume that the RR Center has wifi and I can find someplace in their lobby as well.
