

DONALD A. KOHR
PRESIDENT

EDWIN A. DANIELS
VICE-PRESIDENT AND SECRETARY

THE LOWE BROTHERS COMPANY

DAYTON F2, OHIO, U.S.A.

ESTABLISHED 1870

MANUFACTURERS OF PAINTS, VARNISHES AND LACQUERS

April 1, 1947.

Dr. Robert A. Kehoe,
Kettering Laboratory of Applied Physiology,
University of Cincinnati,
Cincinnati 19, Ohio.

Dear Dr. Kehoe:-

Your letter of the 28th has not been answered before this due to the fact that I have been away from my office since the first of March. I understand, however, that the statement you submitted has been paid and that our obligation in that respect was given prompt attention.

Since returning I have discussed the points raised in your letter with Mr. Fasig and others in our organization who are interested. From these discussions I find that you are correct in your understanding of the conclusions reached by Mr. Fasig and his associates.

We very much appreciate the cooperation we have received from you and your associates and we are not unmindful of the value of any recommendations that you make. We feel, however, that for the time being we will continue as we now are with the understanding that we are in no sense closing the door to other investigations and other possible improvements in which we can look forward to having the benefit of your fine cooperation.

Yours very truly,

DAK-REM F.
