Re: Nevada Power v. Monsanto, et al.

Dear John:

In reviewing the documents that Monsanto purports to have disclosed inadvertently, I notice mention of two documents that none of my people recall seeing and which we cannot seem to retrieve. They are described as an Elmer Wheeler chronology and as a Keller chronology and are mentioned in Bates numbered pages NEV035011 and NEV035016.

Would you please provide me with copies of these documents or your privilege log sheets for them? If they have been produced, I would appreciate it if you could provide me with the Bates numbers.

As always, I appreciate the spirit of mutual cooperation with which you have approached this case.

Best Regards,

BRADLEY & MERRELL
