DO NOT DESTROY

Today's Quiet Way

IN THE HOMES OF TOMORROW

New Homes—can have the benefit of sound-quieting combined with plaster finish accomplished so economically that more and more “noise-centers” such as playrooms, living rooms, bedrooms may have the “manufactured privacy” and quiet of Sabinite “M”, the plaster finish that absorbs sound.

FEATURES OF SABINITE “M”

- ABSORBS SOUND
- PAINTABLE
- ECONOMICAL
- RESISTS FIRE
- HIGH LIGHT REFLECTING
- PRE-COLORED
- FLEXIBLE IN USE
- EASILY APPLIED
