DOC#: QUIG037

DOCUMENT DESCRIPTION: Memo – Phasing out Asbestos

To: Mr. J. Major

November 21, 1973

From: J. J. Marino

Subject: Phasing-Out Asbestos-Based Products

As a follow-up to Mr. Thacker's memorandum of November 19, 1973, would you please arrange to have the following items executed:

a) Do not order any more asbestos from this date onward.

b) Substitute asbestos 6D for 7T in Insulag BOF

c) Enter into a final campaign on January 15, 1974 and consume all asbestos. Produce Insulag BOF, Panelag and Insulag in the following proportions 1:3:8 respectively.

d) Conduct the following clean-up and disposal of asbestos:

   1) Schedule clean-ups of Production area after final production to rid area of asbestos

   2) Discard all wastes

   3) On all bags containing asbestos materials, appropriate labeling should be present (the label on the asbestos bag would be adequate).

   4) In conjunction with Mr. Vines, arrange to have X-ray and lung function studies done in the last Quarter of 1974.

If I can be of any further assistance, please let me know.

J. J. Marino
