WILLOWS CLUB SEEKS LICENSE

Application for an "on-sale" liquor license for the Willows Club, cafe and night club on the Tunnel Road in Contra Costa County, has been forwarded to Sacramento for action with a recommendation against issuance of the license by the local office of the State Board of Equalization, it was disclosed today.

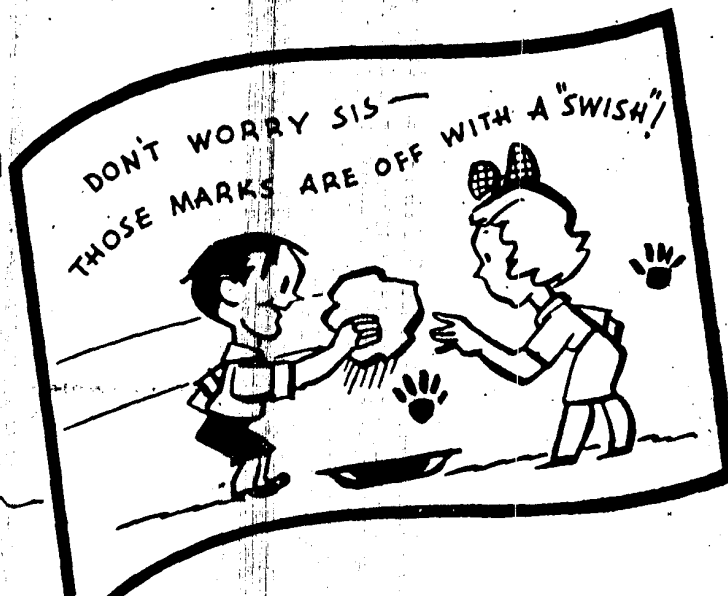

The application was made by C. E. Freeman, who declared today that he would appeal from an unfavorable action on the license.

The board recommended against issuance of the license after Constable Russell Stow told the board that there were already eight liquor dispensaries in the district and that students from the nearby St. Mary's College would be attracted to the resort. He also stated that there had been numerous complaints from residents of the district when the resort was previously open under other management and that drunken driving accidents had been frequent in the neighborhood.

Freeman had told Stow, the latter said, that if the application were rejected, he would immediately appeal for a rehearing to protect his investment in the property, which he stated was more than \$10,000.
