BESTWALL GYPSUM

Attached to this letter of transmittal you will find the results of our 12 bag testing of this new formula White Certex in the Des Moines market by Dick Schilling and in the Lincoln market by George Hassing. We are still awaiting a report from Dale McCubbin on his 12 bags being tested in the Omaha market. We will forward Dale's report as soon as it is received.

It is apparent we are receiving good acceptance to this new White Certex. Today we have received an order from Johnson Supply & Coal Company in Lincoln, Nebraska, for 200 bags of this new formula, to be included with a truckload to be shipped out of Acme, Texas as soon as possible. A rapid release of this material for shipment will be needed to expedite this order.
