LEAD INDUSTRIES ASSOCIATION

420 LESMAISON AVENUE

NEW YORK, N. Y.

February 3, 1943

To Mining Members of the Lead Industries Association:

As the War Production Board is particularly anxious to receive our domestic mine production statistics by the 10th of the month and, as it is difficult in some cases to obtain a final figure that early in the month, will you kindly airmail or telegraph us as soon after the month as possible a preliminary statement of your mine production on a 100 per cent recoverable basis?

We will arrange a month later to procure from you any revision in the preliminary estimate that may be necessary, and to tabulate the final figure.

In the event you have not sent in your form, mailed under date of February 1, 1943, a revised form is attached for your use.

Very truly yours,

Handwritten signature
Secretary.

NOTE: This report is based upon the total lead content of ore or concentrates. Average daily production is based on the actual number of days in the month.

* Includes the combined production of Dryrock Mining Co., Hercules Mining Co., Miller Mining Co., Sherman Lead Co., and Tennessee & Copper Cons. Mines Co. The consolidated ore of these mines under the corporate name "Dryrock Mines, Inc." was affected October 1, 1947. Prior to this date the production included, in addition to the mines mentioned, also the production of the following mines: (a) Dryrock Mining Co., (b) Miller Mining Co., (c) Sherman Lead Co., (d) Tennessee & Copper Cons. Mines Co., (e) Dryrock Mining Co., (f) Miller Mining Co., (g) Sherman Lead Co., (h) Tennessee & Copper Cons. Mines Co.

(a) January, February, and March, 1948. Figures include shipments shipped to these mills by Phelps Dodge Corp. and American Smelting Co.

(b) Total April to December, inclusive.

(c) Total July to December, inclusive.

(d) January to June, inclusive.

(e) Operations suspended January 16 to July, 1948, due to strike at smelter.

(f) ore production sharply curtailed due to strike at smelter.
