

LEAD INDUSTRIES ASSOCIATION

80 EAST 43RD STREET

NEW YORK 17, N. Y.

July 23, 1958

SUBJECT: RUTGERS FELLOWSHIP
PROGRESS REPORT NO. 1

TO: INDUSTRY DEVELOPMENT COMMITTEE
TECHNICAL STEERING COMMITTEE
CERAMICS TECHNICAL COMMITTEE

We are pleased to enclose a copy of Progress Report No. 1 of the
Lead Industries Association Fellowship in Ceramics at Rutgers University.

We hope that you will find this interesting.

We believe that considerable progress is being made and expect, as a
result of this work, that a new Supplement to our technical data book,
"Lead in the Ceramic Industries" will be published this Fall.

Also, it is expected that a paper based on the work will be given at
the American Ceramic Society Electronics Division Meeting in October,
1958 or at the annual meeting of the American Ceramic Society in the
Spring of 1959.

Sincerely yours,

Wm. L. Fryer
Secretary
