BRAKE LININGS

Date: November 27, 1984

From: Mr. D. Krueger

To: Mr. J. Holz

Subject:

Per your memorandum to Mr. R. Burlison (attached), we have reviewed all linings called for on shovels. Present inventory does include some asbestos linings. Status follows:

- | | | | |
|-----|----------|---------------------|---|
| (1) | 15N723 | 100 Pcs. In Process | (Will be used on repairs) |
| (2) | 15N725D3 | 124 Pcs. In Stock | (Will be used on TKI) |
| (3) | 15U63D1 | 216 Pcs. In Stock | (Will be used in about 12 months for repairs - No current production scheduled) |

All of the parts have been coded to only reorder new non-asbestos materials. By copy to Ed Doolan, please have RSS coded to exhaust and supercede to the new lining.
