Dear Dave:

The program contained in your telex to me of last week is quite satisfactory to the Vinyl Institute group. We appreciate your including us in your plans.

I am very pleased that Dr. Bennett will be present and present the angio update. My offer to help there was only in case no one else could do so.

On another subject, a coworker of mine has sent the attached request for a mail questionnaire to Jim Wallace. If you and Jim agree, and if we get a response before the meeting, I will be glad to give a summary of the response at some convenient time. It should take no more than 5 minutes.

Best wishes for a pleasant summer and a safe trip to Phoenix.

Very truly yours,
