

1 fingers and toes or his either. There must be half a
2 hundred of them downtown.

3 Q Just in the downtown area?

4 A Just in the downtown area.

5 Q Do you know how many jobs Mr. Vandergucht
6 worked on? Would it be about the same?

7 A I would say the same thing. Jean has got
8 the same amount of time in plastering that I got in
9 it.

10 I started in 1946 right after I come out of
11 the service after the war and Jean was -- and I met
12 Jean in '49 or '50, and he -- all the way up until he
13 died and all the way up until I retired he has worked
14 on plastering jobs.

15 Q Probably would be pretty hard to sit down
16 and try to remember all of them, huh?

17 A It certainly would. That is what I am
18 trying to say to him. You can't remember all of that
19 stuff, just like that -- when they had me up there and
20 them 13, 14 people up there hollering at me and this
21 and that, get me so I couldn't remember nothing.
