Subject: Asbestos Purchases

Larry:

In reference to your request, through Barbara, for quantities and vendors of our Asbestos Fibre from 1972 through first quarter of this year, I am able to only give you a partial answer. The only readily available source of information I could refer to which went back that far was our Form #10047, "Raw Material Inventory and Consumption Report" which shows purchases by the month. However, I ran into a problem there because all the copies for 1972 are missing. Therefore I am only advising you from 1973 on.

A couple of points which you may be interested in are: (1) JM apparently went out of business in 1971, (2) all of 1972 purchases were apparently from Union Carbide; and (3) we started buying from Atlas in August, 1973.

<u>Year</u>	<u>Atlas</u>	<u>Union Carbide</u>	<u>Total</u>
1973	1,647,500#	9,257,500#	10,905,000#
1974	3,168,000#	3,740,000#	6,908,000#
1975	3,597,950#	1,830,000#	5,427,950#
1976	3,923,000#	899,650#	4,822,650#
1977(1st Qtr)	374,500#	833,000#	1,207,500#

Hope this information is sufficient.

Regards,

Sid Brown
