Interoffice Memorandum

PLAINTIFF'S EXHIBIT

VRC-10

Date: May 6, 1992

To: Ed McConnell Department: Operations

From: Norman L. Renfro Dept/Ext: Environmental Affairs/328

Subject: Asbestos Notification Fees

Effective September 1, 1992, Valero will have to remit to the Texas Air Control Board a fee for the demolition or removal of asbestos from the refinery. A TACB Asbestos Fee Form must be submitted along with the check. The fee is based on the amount of asbestos removed and ranges between \$50-\$7,500.

The fee and form must accompany the notification report already required by EPA/TACB. The existing rules require notification 20 days prior to asbestos abatement; therefore, I need to be notified at least 25 days before any planned asbestos removal so a check can be prepared.
