The EPA issues this Information Request under sections 114(a) and 208(a) of the CAA, 42 U.S.C. §§ 7414(a) and 7542(a). Under sections 114(a) and 208(a) of the CAA, the Administrator of the EPA may require any person who is subject to the CAA to provide certain information, including information to evaluate that person's compliance with section 211 of the CAA, 42 U.S.C. § 7545, and the regulations promulgated thereunder. This authority has been delegated to the undersigned Director, Air Enforcement Division, Office of Civil Enforcement, Office of Enforcement and Compliance Assurance.

Failure to provide the required information may result in the initiation of an enforcement action pursuant to section 113 of the CAA, 42 U.S.C. § 7413. Failure to provide all requested information and in the format requested may result in additional inquiries. It is important that your responses be clear, accurate, and complete. The EPA will regard the submission of information that is misleading, false, incomplete, or submitted without regard to its accuracy as a violation of the CAA or

other applicable laws. Please carefully review the instructions, definitions, and the information requested as you prepare your response.

GreenAmerica must submit all requested information under an authorized signature with the following certification:

I certify under penalty of law that I have examined and am familiar with the information in the enclosed Documents, including all attachments. Based on my inquiry of those individuals with primary responsibility for obtaining the information, I certify that the statements and information are, to the best of my knowledge and belief, true and complete, and that all Documents produced in response to this information request are true and complete copies of Documents as maintained in the ordinary course of the company's business. I am aware that there are significant penalties for knowingly submitting false statements and information, including the possibility of fines or imprisonment pursuant to section 113(c)(2) of the Clean Air Act, and 18 U.S.C. §§ 1001 and 1341.

The EPA may use any information submitted in response to this Information Request in administrative, civil, or criminal action(s).

You are entitled to assert a business confidentiality claim covering all or part of the information you submit in response to this request, in accordance with the procedures described in the confidentiality of business information (CBI) regulations, 40 C.F.R. Part 2, Subpart B. However, no such CBI claim may be made with respect to emission data, as defined at 40 C.F.R. § 2.301(a)(2). Appendix D of this Information Request specifies the assertion requirements for business confidentiality claims. The EPA may, without further notice, provide the public with any information not subject to a CBI claim.

The EPA prefers electronic submittals in lieu of hard copy submissions. If possible, we ask that GreenAmerica provide all requested information via a secure electronic portal or an agreed upon alternate method of electronic delivery.

## Appendix D Confidential Business Information

You may assert a business confidentiality claim covering some portion of the information you provide in response to this Information Request for any business information you believe may be entitled to confidential treatment under Sections 114(c) and 208(c) of the CAA, 42 U.S.C. §§ 7414(c) and 7542(c); Exemption 4 of the Freedom of Information Act (FOIA), 5 U.S.C. § 552(b)(4); and 40 C.F.R. Part 2, Subpart B. Under Sections 114(c) and 208(c) of the CAA, you are entitled to confidential treatment of information that would divulge methods or processes entitled to protection as trade secrets. Exemption 4 under FOIA protects “trade secrets and commercial or financial information obtained from a person [that is] privileged or confidential.” 5 U.S.C. § 552(b)(4). Under 40 C.F.R. Part 2, Subpart B, business confidentiality means “the concept of trade secrecy and other related legal concepts which give (or may give) a business the right to preserve the confidentiality of business information and to limit its use or disclosure by others in order that the business may obtain or retain business advantages it derives from its rights in the information.” 40 C.F.R. § 2.201(e).

However, your business confidentiality claims are limited by any confidentiality or emission data determinations the Agency has made through rulemaking for information required to be reported to the Agency under Parts 80 and 1090. In accordance with 40 C.F.R. § 2.301(d), the general CBI rules at 40 C.F.R. §§ 2.201–2.215 do not apply to any information found to be emission data or not otherwise entitled to confidential treatment through rulemaking. *See* 76 Fed. Reg. 30,782 (May 26, 2011); 76 Fed. Reg. 73,886 (Nov. 29, 2011); 81 Fed. Reg. 89,188 (Dec. 9, 2016); 77 Fed. Reg. 48,072 (Aug. 13, 2012); 78 Fed. Reg. 71,904 (Nov. 29, 2013). If you claim any information already determined to be emission data or not otherwise entitled to confidential treatment through rulemaking, the information may be released without further notice to you in accordance with 40 C.F.R. § 2.301(d).

Information covered by a claim of business confidentiality will be disclosed by the EPA only to the extent, and by means of the procedures, set forth in Sections 114(c) and 208(c) of the CAA, 42 U.S.C. §§ 7414(c) and 7542(c), 40 C.F.R. Part 2, Subpart B, and FOIA Exemption 4. **If a business confidentiality claim does not accompany the information submitted to the EPA, then the EPA may make the information available to the public without further notice to you. See 40 C.F.R. § 2.203(c).**

To assert a business confidentiality claim, you must place on (or attach to) all information you desire to assert as business confidential either a cover sheet, stamped or typed legend, or other suitable form of notice employing language such as “trade secret,” “proprietary,” or “company confidential” at the time you submit your response to this Information Request. Allegedly confidential portions of otherwise non-confidential information should be clearly identified and may be submitted separately to facilitate identification and handling by the EPA. Please be specific by page (including Bates Stamp, if applicable), paragraph, and sentence when identifying the information subject to your claim. Where your claim does not include all information on a page, please place brackets around, or otherwise designate, the text that you

claim to be CBI. Please note that if a page, document, group, or class of documents claimed by you to be CBI contains information which the EPA determines is not CBI, your CBI claim regarding that page, document, group, or class of documents may be denied. All confidentiality claims are subject to EPA verification. If the EPA reviews your CBI claim(s), the EPA may send notice to your business and ask you to submit additional information to substantiate the CBI claim(s). See 40 C.F.R. § 2.204(e).

In making its final confidentiality determination, the EPA will consider the relevant substantive criteria in its CBI regulations, under 40 C.F.R. § 2.208(a)–(d), as well as the U.S. Supreme Court’s decision in *Food Marketing Institute v. Argus Leader Media (Argus)*, 139 S. Ct. 2356 (2019), which evaluated the definition of “confidential” as used in Exemption 4 under FOIA. In the *Argus* decision, the Court held that at least where “[1] commercial or financial information is both customarily and actually treated as private by its owner and [2] provided to the government under an assurance of privacy, the information is ‘confidential’ within the meaning of Exemption 4.” *Argus*, 139 S. Ct. at 2366. The definition of “trade secret” under FOIA is limited to “a secret, commercially valuable plan, formula, process, or device that is used for the making, preparing, compounding, or processing of trade commodities and that can be said to be the end product of either innovation or substantial effort.” *Pub. Citizen Health Research Grp. v. FDA*, 704 F.2d 1280, 1288 (D.C. Cir. 1983). This definition requires that there be a “direct relationship” between the information at issue and the production process. *Id.*

For each item or class of information that you claim as CBI, please answer the following questions, giving as much detail as possible. The EPA will use your responses to these questions to determine whether the information has been shown to be entitled to confidential treatment:

1. What specific portions of the information are alleged to be entitled to confidential treatment? Specify by page, paragraph and sentence when identifying the information subject to your claim.  
For what period of time do you request that the information be maintained as confidential, e.g., until a certain date, until the occurrence of a specified event or permanently? If the occurrence of a specific event will eliminate the need for confidentiality, specify that event. Additionally, explain why the information should be protected for the time period you’ve specified.
2. What measures have you taken to protect the information claimed as confidential from undesired disclosure? Have you disclosed the information to anyone other than a governmental body or someone who is bound by an agreement not to disclose the information further? If so, why should the information still be considered confidential?
3. Is the information contained in any publicly available material such as the Internet, publicly available databases, promotional publications, annual reports, or articles? Are there any means by which a member of the public could obtain access to the information? Is the information of a kind that you would customarily not release to the public?

4. Has any governmental body made a determination as to the confidentiality of the information? If so, please attach a copy of the determination.
5. Is there any other explanation you deem relevant to the EPA's determination of your business confidentiality claim that is not covered in the preceding questions? If so, you may provide such additional explanation.

By submitting this information, you are consenting to a limited release of any confidential business information to EPA interns and contractors pursuant to 40 C.F.R. § 2.209(f). The EPA's interns and contractors are required to sign confidentiality agreements as a requirement of their participation in EPA related matters.
