E. H. Fording - New York

of DE SOTO CHEMICALS

Graham Burgess
Toronto

I have just reviewed our entire file on De Soto, Inc. (same company?) and find no comments on Aroclor replacements. Also, I found no call reports from their plant at Sunnyborn, Belleville, New Jersey. By copy of this memo, I am asking Ed Fording to provide to you any information which he may have as a result of his possible contacts with this company. There is a chance, however, that we sell to them through a distributor, and if this is the case, probably we don't have much information.

I am sorry I can't be of more help. Let me know if we can contribute directly to their replacement program.

Willis S. Clark
