

Air Jacks and Turntables are optional equipment. See Pages 11 and 12.

1. Recess in each Runway for optional Turntables.

2. Runway mounted on wheels for easy one-man adjustment for tread widths from 34" to 76" (863 to 1930 mm)

3. Front Wheel Safety Stops are removable.

4. Wide Jack Pad for easy jack positioning. (Air Jacks are optional. See Page 12.)

5. Slide-away Jacking Beam.

6. Foot Rest Platform on each Runway.

7. Wide runways for easy on-off. Wide tired vehicles no problem.

8. Hinged Approach Ramps permit installation in short bays.
