Mail Code T5767
Office of Pesticide Programs
EPA
401 M. Street S. W.
Washington, D.C. 20460

Dear Ms. Bradley:

With this letter Vista Chemical Company is requesting the establishment of a Pesticide Inert Ingredient Master File for the following trade name products:

Vista LPA
Vista LPA-210
Vista LPA-140

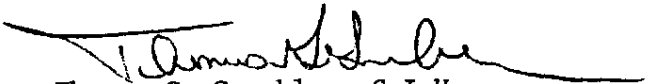

To support the establishment of the master file, I am enclosing a Technical Data Sheet and Material Safety Data Sheets for these solvents. Based on discussions with you, I believe this is sufficient information to support your review.

Also, Vista believes these solvents meet the definition of "odorless light petroleum hydrocarbon" as specified in 21 CFR 172.884. Subsequently, Vista LPA would be listed by reference in 40 CFR 180.1001(c) and 180.1001(e). It is our understanding that this would put these solvents on List 3 of the Lists of Chemicals Used as Inert Ingredients in Pesticides.

Vista requests that a letter of confirmation regarding the establishment of the master file, and the "List" status of LPA solvents be sent to the undersigned.

Please call me at 713-531-3445 if you have questions on the above.

Sincerely,

Thomas G. Grumbles, C.I.H.
Environmental Quality Manager
