

March 26, 1929

Mr. E. W. Webb,
Ethyl Gasoline Corp.,
25 Broadway,
New York City.

Dear Mr. Webb:

I am enclosing herewith Dr. Machle's report to me on Mr. [REDACTED] at Dallas, Texas. This is one of the men who received some apparent injury from his work at Abilene. I believe that the report will cover the entire matter. Dr. Machle informs me that the medical men who have seen Mr. McDaniels are not impressed by the importance of the gasoline factor in his case and that there is very little likelihood of there being any further action in his case.

Very truly,

RAK:EJ
Encl.
