Dear Dr. Kingsbury,

Asbestos Mining:

Referring to your letter 1143/44 of 13th February, the Mobile X-ray Unit examined the workers at Wittenoom Gorge area last year, and will probably do so again in 1949.

The mining areas to be visited by the Unit are decided by the Mines Department, and I understand that Wittenoom Gorge will be included in the usual visits to Marble Bar and Yilgarn areas every second year.

Yours faithfully,

(G. A. MURRAY)
