

1 Q During the course of your career, Dr.
2 Fowler, have you, and I am not talking about for
3 lawsuits or consultations with lawyers, have you
4 conducted air samplings with regard to the presence in
5 the air of asbestos from the use of brake materials?

6 A Yes, sir. One occasion, that is about it.
7 Two if you count the one where the guy wasn't using
8 any asbestos in his brakes.

9 Q Were you one of the investigators on a
10 project to determine what kinds of asbestos emissions
11 came from people applying their brakes when they came
12 up the tollbooths on the Bay Bridge in California?

13 A Yes.

14 Q What did that involve?

15 A Well, we were doing -- this is in '69, '70
16 time period.

17 Q 1969 or 1970?

18 A Yes. And it was part of a larger set of
19 projects that we were then doing at Berkeley, and I
20 was doing fieldwork, so I went out to the toll plaza
21 of the San Francisco/Oakland Bay Bridge and made
