Do you mind resenting the document? I'll get it right to the top of our air office so we can get a response.

Troy-

Just pinging this again since I didn't hear anything from Pat.

Thanks

Matt

Thanks, Matt.

Pat, do you have an update we could provide

Subject: Fleet Pilot Project

Troy-

Wanted to shoot you a quick note to see if you had an update on our request to conduct a fleet pilot project using ethanol blends up to E30. This is the we had sent a letter to your office before and also provided a copy when you were here last month. As you may remember, this pilot would be similar to the one approved a few years ago for South Dakota regarding E15.

Please let me know if you need anything else from us as to what we are hoping to do. We have several Midwest states eager to start the pilot.

Thank you

Matt Miltenberger
Chief of Staff

Office of Governor Pete Ricketts
