Super Kem-Tone

One coat will cover just about everything

It's the new Super KEM-TONE... fast, easy wall paint from Sherwin-Williams. They cover the earth, remember? Which reminds us, the nice thing about new Super KEM-TONE is that one coat will cover most surfaces too. Dries in one hour and leaves no "pointy" odor. In fact, it's ready to use, so why not drop in, pick up a free color harmony guide, then start your next paint project with Super KEM-TONE.
