From Charles L. Whetstone, M. D., Ponca City, Oklahoma
Date October 11, 1974
Subject Physical Examinations

I have reviewed the reports of physical examination, chest x-ray and pulmonary function test on the following employees:

✓Lawrence E. Aydelotte
✓John M. Doucet
✓Elwood H. Gould
✓Charles H. Kroske

In no case was there evidence of industry-related toxicity.

Each individual has been informed by letter of the results of his physical examination, chest x-ray and pulmonary function test.

A handwritten signature in cursive script, reading "Charles L. Whetstone, M.D.", followed by a stylized flourish.
