Subject: Endangered Species Act Options
Flag: Flag for follow up

Dear David

We very much appreciate your hospitality yesterday and the opportunity to view the draft Biological Opinions. I got a much better sense of our options and will be working with senior leaders here to formulate a set of limited options for Administrator Pruitt to consider. Obviously, we look forward to working with you on this complex issue. Any insights would be very welcome.

I list a larger set of options below, one of which may be your preferred approach. Your thoughts on these would be extremely valuable, as well as any new ideas.

Cheers!

Michael...
