Arizona

WATER

Water Pollution Control/Recycled Water

Arizona WATER

Proposed rule of the Department of Environmental Quality amends and renumbers regulations under R18-9-701 through -719 as R18-9-A701 through -D702; adopts regulations under R18-9-A707 and -E701; and repeals regulations under R18-9-601, -602, -603, and -720 to update and restructure requirements for reclaimed water and allow for the treatment of reclaimed water for potable use. The rule reorganizes provisions to clarify that gray water, industrial wastewater, and reclaimed water are all categories of recycled water. The rule also provides an exception to the prohibition against providing reclaimed water for human consumption to allow reclaimed water to be treated appropriately for potable use, adds interim permitting criteria for advanced reclaimed water treatment facilities, and modifies gray water permitting requirements. In addition, the rule revises notification and signage, reporting, and permit revocation requirements and establishes a recycled permit transition provision. A hearing is scheduled for July 25, 2017, in Phoenix. Comments are due July 25, 2017. Contact: Heidi Haggerty; DEQ, Water Quality Division; 602-771-4815; haggerty.heidi@azdeq.gov

Regulatory Update

California

AIR

Vehicle Registration and Titling/Clean Air Vehicle Decals

California AIR

Final rule of the Department of Motor Vehicles amends regulations under 13 CCR 156.00

regarding clean air vehicle decals. The rule revises Form 1000 D, the new vehicle dealer application for clean air decals. This change without regulatory effect was filed June 12, 2017. Contact: Randi Calkins; DMV, Legal Affairs Division; 916-657-8898

Regulatory Update

FOOD SAFETY

Lead Level in Candy Containing Chili and Tamarind
California FOOD SAFETY

Notice of the Office of Environmental Health Hazard Assessment announces a hearing on a petition from the Center for Environmental Health requesting the issuance of regulations setting a naturally occurring lead level in candy containing chili and tamarind under Section 110552 of the Health and Safety Code. The hearing is scheduled for July 6, 2017, in Sacramento. Comments are due July 20, 2017. Contact: Monet Vela; OEHHA; 916-323-2517; monet.vela@oehha.ca.gov

Regulatory Update

MINING

Mining and Geology/Vested Rights Determinations, Mining Ordinances
California MINING

Proposed rule of the State Mining and Geology Board amends regulations under 14 CCR 3950 through 3965 and 4000 regarding vested rights determinations and mining ordinances. The rule removes the authority of the board to make vested rights determinations under any circumstances when acting as the lead agency. The rule also clarifies the authority of the board when it assumes full authority as the lead agency when a lead agency fails to adopt a board-certified mining ordinance. In addition, the rule allows lead agencies that have certified mining ordinances to retain their Surface Mining and Reclamation Act authorities if and when the board reviews a proposed amendment to a previously certified ordinance. Hearing requests are due Aug 2, 2017. Comments are due Aug. 17, 2017. Contact: Nick Lash; SMGB; 916-322-1082; Nicholas.Lash@conservation.ca.gov

Regulatory Update

WATER

Appropriation of Water/Drought Emergency Water Conservation
California WATER

Final rule of the State Water Resources Control Board amends regulations under 23 CCR 865 and repeals regulations under 23 CCR 864.5 and 866 regarding drought emergency water conservation. The rule removes water conservation standards developed by the board because the measures are no longer necessary under current conditions. The rule supersedes portions of a Feb. 28, 2017, emergency rule that readopted regulations concerning water conservation. The rule is issued in compliance with an April 7, 2017, executive order (B-40-17) that directed the

rescission of emergency rule requirements for water supply stress tests or mandatory conservation standards for urban water agencies; the continuation of the prohibition of certain wasteful water practices; and the continuation of water use reporting requirements. This change without regulatory effect was filed June 9, 2017. Contact: David Rose; SWRCB; 916-341-5196

Regulatory Update

Illinois

AIR

Fine Particulate Matter SIP

Illinois AIR

Notice of the Illinois EPA, Bureau of Air, announces the availability of a draft state implementation plan (SIP) concerning infrastructure requirements for the 2012 annual fine particulate matter (PM-2.5) national ambient air quality standard. The revisions also address the good neighbor provisions concerning significant contribution to nonattainment and interference with maintenance requirements. The draft plan, which will be submitted to the U.S. EPA for approval, does not include any new or revised requirements. Comments and hearing requests are due July 24, 2017. Contact: Rachel Stewart; Illinois EPA; 217-782-2224; Rachel.Stewart@illinois.gov

Regulatory Update

RADIATION

Low-Level Radioactive Waste Task Group

Illinois RADIATION

Final rule of the Emergency Management Agency repeals regulations under 2 IAC 2950.10 through .240 and Appendices A and B to delete administrative procedures and organizational provisions for the Low-Level Radioactive Waste Task Group, which has become obsolete. The rule is effective June 9, 2017. Contact: Traci Burton; EMA; 217-785-9860
