

January 21, 1969

Dr. Otto Tascher
Industrial Bio-Test Laboratories, Inc.
110 Westmore Road
Northbrook, Illinois 60062

Dear Dr. Tascher:

Continuing my telephone conversation, please proceed with the study on the children as outlined in your letter of January 17, 1969.

Your letter did not mention using any controls. Would you please include a group in the /-test study and send samples of urine to be tested with the organs, isocitrate, etc. of the group from the feeding study.

Best personal regards.

Sincerely,

Elmer P. Mueller
Manager, Environmental Health
