Hi Samantha –

Can you please advise on this requested meeting on April 19th (when our client's counsel is in town) that my colleague Jane Luxton (was GC for NOAA under 43) has requested?

She hasn't gotten a response from Byron. Is he (or someone else up to speed on the issue) able to spend 20 min going over this?

Thank you,

- Charlie

Byron, congratulations on your appointment as Deputy Chief of Staff! Your experience at EPA and EPW should be valuable assets in this important role.

I am writing to request a meeting on behalf of The Mosaic Company. Mosaic's phosphate and potash operations have been inappropriately caught up in the CERCLA 108(b) financial assurance rule, which I believe is an issue in your portfolio. Mosaic would like to explain the reasons why phosphate and potash operations, which are similar to the 59 other sectors that EPA has concluded do not belong in a rule that is focused on mining, should also be excluded from the scope of the rule.

Mosaic's Senior Environmental Counsel, Patrick van der Voorn, will be in Washington and available to meet on April 19. Would a meeting be possible that day?

I'd be happy to answer any questions you may have.

Best regards,

Jane
